

OFFER MONTHLY PAYMENTS ON EVERY PROPOSAL

You can improve your proposal close rate by offering monthly payments with Allied Commercial Financing. These affordable finance solutions can be used for any light commercial replacement HVAC systems.

Proposal System:

www.dealersalescenter.com

Set yourself apart from the competition, using our website to make a proposal that can show your customers just how affordable a new system can be. Simply click on the Platinum Partners at the top navigation and use the password Allied.

Total Project Financing up to \$500,000

You can bundle installation costs, extended warranties, service contracts, crane rental and accessories into one affordable monthly payment, and payments can be customized to fit any company's budget.

Applications Up To \$200,000

Only a one-page application is needed. No financial statements or tax returns are required for qualified customers, and decisions are made in 4-6 hours or less.*

Advance Deposits

Advanced payments of up to 50% are available for qualified customers and contractors. The remaining balance is paid upon the completed installation.**

Training Support

Training is available for your sales teams via webinar so they can learn the basics of offering a finance solution for every job.

Dedicated Service Team

Your personal Relationship Manager can provide quotes and talk with you and your customers one-on-one about the various payment structures & benefits available.

In addition to your typical customers, such as local businesses, schools and government facilities, keep in mind the following:

- There are a lot of residential homes that have been converted to commercial zoning that will qualify
- Residential & Commercial equipment qualify for the program
- The end-user does not need to own the property

* Applicants are subject to minimum credit parameters to qualify

** Contractors & applicants must meet certain minimum credit parameters to qualify
